

## Qwarie Customer Consent to Personal Data Processing

### Introduction

By submitting personal data to Qwarie Ltd, in any format that shall include, without limitation, print, handwritten, voice and any electronic format, you give your consent that all personal data provided by you or your agent, may be processed by us in the manner and for the purposes described below, and under the terms and conditions set out in the Data Protection Act 1998 and in EU Regulation 2016/679.

Your consent shall remain active throughout the duration of our commercial relationship. Where consent is not explicitly withdrawn by you, your consent shall remain in place until the termination of our commercial relationship.

### Use of Information

We maintain certain personal information about our customers for administrative purposes and we also collect, use and analyse personal information submitted by the customer in the form of an instruction in order to provide our service, which is OSINT research.

### Customer Obligation

Before you disclose to us the personal information of another person, you have an obligation to acquire their consent to both the disclosure and the processing of their personal information through your contract with them or by other means. Where that consent has not been acquired prior to remitting the instruction to us, you are liable under data protection legislation for the breach of your customer's privacy.

### Data Protection Compliance

Where Qwarie Ltd. receives any personal data from you it ensures that it fully complies with the provisions of the Data Protection Act and the General Data Protection Regulation and only deals with the data to provide OSINT investigations which consist of the collection, analysis and use of information from online social networking sites and other publicly available information.

In fulfilment of our obligations under current data protection legislation, we strive to maintain the reliability, accuracy, completeness and currency of personal data. We employ security measures consistent with best practice to protect against unauthorised access as detailed in our Privacy Policy, Security Policy and Data Breach Policy.

### Disclosure of Information

We do not share, sell or distribute your personal data with unrelated third parties. All information related to the service, which comes in the form of an encrypted PDF report is disclosed only to the customer.
